

The European Water Association (EWA)

Facts about EWA:

- Independent
- Non-governmental (NGO)
- Non-profit making

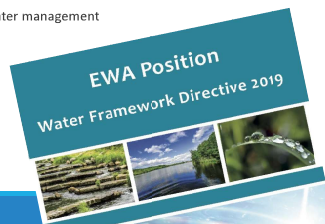

EWA is a network:

- Over 20 national member associations in Europe
 - Corporate members
 - Research members
 - Sponsor members
- Reaching more than 55.000 water professionals in Europe

Our Objectives

- Sustainable management of the total water cycle
- Exchange of knowledge and expertise by providing a forum for the discussion of key technical, scientific and policy issues
- Promote the advancement and adoption of integrated water management
- Seek to influence the European water agenda
- Support activities of the National Associations
- Advance common interests of members
- More information: www.ewa-online.eu

EWA Research Members

- New initiative from 2018
- EWA invites research institutions to join as Research Member
- Platform for research and innovation in the water sector
- Access to information from Brussels and Strasbourg
- Expand your network
- Strong relationships of EWA with the scientific basis
- More information about [EWA Membership](#)
