Project number: 597888-EPP-1-2018-1-RS-EPPKA2-CBHE-JP www.swarm.ni.ac.rs

Only partner P17 (PWMC VV, Serbia) did not answer to the QA09 questionnaire.

The next table presents the **total number of answers per score category**. The average of the **38 answers** to the different question were as follows:

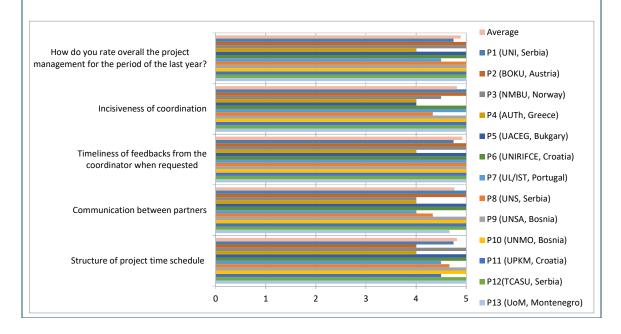

- Structure of project time schedule: **4.82**
- Communication between partners: 4.76
- Timeliness of feedbacks from the coordinator when requested: **4.92**
- Incisiveness of coordination: 4.82
- How do you rate overall the project management for the period of the last year?: 4.89

The figure after the next table provides the general characterization of the results about "Overall assessment of work package management". The result for each partner is the average of the answers provided by that partner.

#### Table/Figure

#### Overall assessment of project management

Grading	Very poor	Poor	Good	Very Good	Excellent
Structure of project time schedule				7	31
Communication between partners				9	29
Timeliness of feedbacks from the coordinator when requested				3	35
Incisiveness of coordination				7	31
How do you rate overall the project management for the period of the last year?				4	34

#### Evaluation of level of involvement

#### Description

The next table presents the **total number of answers per score category,** according to the **38** replies to the QA09 questionnaire, as previous mentioned. The average of the **38 answers** to the different question were as follows:

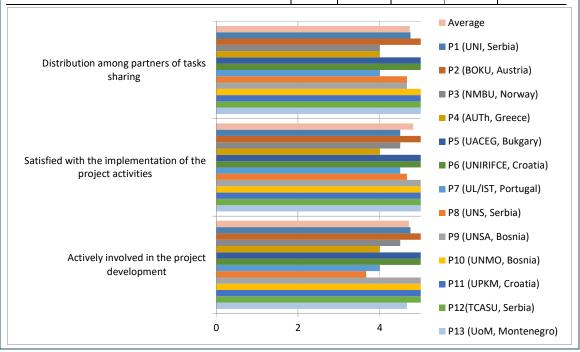

- Actively involved in the project development: **4.71**
- Satisfied with the implementation of the project activities: 4.82
- Distribution among partners of tasks sharing: **4.73**

The figure after the next table provides the general characterization of the results about "General participant expectations". The result for each partner is the average of the answers provided by that partner.

## Table/Figure

#### General participant expectations

Grading	Very poor	Poor	Good	Very Good	Excellent
Actively involved in the project development	1			7	30
Satisfied with the implementation of the project activities				7	31
Distribution among partners of tasks sharing			1	8	29

Please indicate your suggestions for further project management improvement:

According to the QA09 survey, the only thing required (with less than 30 answers with 5) is to improve the communication between partners as well as the distribution among partners of tasks sharing.
