Dissemination activity description

Date	11.11.2020
Place	Faculty of Civil Engineering, Amphitheatre 106 UoM
Author	Goran Sekulić, Ivana Ćipranić
Institution	UoM
Title	Promotion of student enrolment
Description:	
<p>On November 12, 2020, in the amphitheater of the Faculty of Civil Engineering of the University of Montenegro, a promotional event was held related to the enrollment of students in the master's academic studies of the Faculty of Civil Engineering in the study program Civil Engineering - Infrastructure, module Hydraulic engineering. This program was accredited in 2018 at the Faculty of Civil Engineering. As part of the Erasmus + SWARM project, which is still ongoing, the program was modernized and improved for a number of subjects, primarily in the part of practical laboratory exercises for students.</p> <p>The promotion of the program was attended by the Dean of the Faculty of Civil Engineering, Prof. Dr. Marina Rakočević, Vice Deans Prof. dr. Biljana Scepanovic and doc. dr Ivana Ćipranić, professor Goran Sekulić, professor Milan Radulović and enrolled students. During the promotion, a modernized master study program was presented by Professor Goran Sekulić, who educates future engineers in the field of hydraulic engineering.</p> <p>Students were presented with the opportunities that await them after the completion of selected master studies in the fields of planning, design, construction and testing of facilities and systems of hydraulic engineering. It was especially emphasized that this generation of students will be the first to have the opportunity to conduct laboratory exercises for certain subjects with the most modern equipment in the laboratory, established within the SVARM project.</p> <p>Due to the situation with the Covid 19 virus pandemic, the promotion had to be held in compliance with all security measures and with a limited number of attendees.</p>
