<p>As a part of the WP 6 Dissemination and exploitation, A6.4 Roundtables with non-academic sector, University of Nis (UNI) has organized a session with representatives of local companies. The roundtable was organized on 19th May 2021 and lasted from 12 h to 15 h in line with the previously prepared roundtable agenda.</p> <p>The participants of the roundtable were representatives of 9 institutions: Public water company Srbija Vode, Water supply company NAISUS, Apoteke Knjaževac, Telenor Srbija, Amicos, Zelena gradnja, University of Natural and Life Sciences (BOKU), Faculty of Civil Engineering and Architecture and Faculty of Electronic Engineering.</p>	

University of Nis

Strengthening of master curricula in water resources management
for the Western Balkans HEIs and stakeholders

At the meeting, participants were introduced with the main objectives of the SWARM project and new UNI study programmes developed under the SWARM project. Milan Gocić explained to participants the structure and the learning outcomes of the new study programmes.

After that, Michael Tritthart talked about the innovations in the water sector in Austria highlighting the necessity for the introduction of innovation in this sector. Slavisa Trajkovic introduced the EU Water Policy under the Water Framework Directive, while Milan Gocić presented EU best practices in the water sector. The topic of general discussion was implementation of EU Water Framework Directive in the water sector in Serbia.

Participants expressed the interest for new study programmes and concluded that future graduated students will have opportunity to work on water quality programme and in general in the civil engineering sector.

The final remarks were regarding the possible cooperation with present companies and UNI for potential internship programmes for UNI students and other projects concerning water where our students and potentials of our Institution could be utilized.

The roundtable finished at 15:00.
